

Leeds City Council – Community Parks

Parks entrance sign

Leeds City Council are blessed with many parks, many of them set within built up areas. These “community” parks are well used and are identified with sports facilities such as tennis courts, bowling greens etc as well as children’s play areas of all descriptions including skate board parks and basketball courts.

The Leeds Countryside and Parks Department has invested in a major refurbishment programme throughout the estate which includes signs, interpretation and wayfinding in the package.

The client was impressed that Caliba offered a complete range of signs and external quality graphics including entrance/map units, fingerposts, interpretation lecterns and poster display cabinets for gardens, public statues and memorials. All signs were manufactured around a the well tested rugged specification that is offered to all clients needed sound external quality products

In all around 19 Parks have the Caliba range and the list continues to develop.
